

POWERFUL VEHICLE DISINFECTION AND DEODORIZATION WITH **STERAMIST®**

Whether for personal use, emergency response, or contracted services, many of us spend a significant amount of time in vehicles, yet don't give much thought to how automobiles can become breeding grounds for germs, bacteria, and noticeable odors. SteraMist® BIT™ helps prevent the build-up of those odors by killing odor-causing bacteria.

Utilizing ionized Hydrogen Peroxide (iHP™) - a non-caustic, chlorine and bleach-free fog - SteraMist® treatments can effectively disinfect and deodorize a vehicle at any time with TOMI™ Service Network providers.

Whether a routine disinfection or emergency disinfection, a TOMI™ Service Network (TSN™) provider can be deployed at a moments notice. For everything from daily commutes to service calls, let TSN™ provide you with a new standard of disinfection for your vehicle.

- The ultimate tool for elimination of bacteria & viruses such as **SARS CoV-2 Coronavirus, Staph, MRSA, Norovirus, H1N1, C. difficile** and **salmonella**.*
- Portable for rapid deployment.
- Bleach and Chlorine-free disinfecting formula.
